EDMONTON, ALBERTA, MONDAY, JUNE 29, 1953

QUEEN LAUNCHES NEW FLOATING PALACE

THE ROYAL YACHT "Britannia" lies proudly in the river Clyde after it was launched by Queen Elizabeth, accompanied by Prince Philip, at a ceremony in Glasgow. The \$6,000,000 "water queen" is 418 feet long and powered by steam turbines that will drive her 5,000 tons through the water at 21 knots.

Crossfield News Briefs

Mr. L. Wicks, his wife and family, of B. C., were renewing acquaintances in town this week. Lyle is a cabinet minister in the last election in B. C.

Mrs. Banta, Sr., is a patient in the General Hospital having undergone a major operation. We trust that she will soon be restored to health.

Mr. and Mrs. Chas. Whittaker are enjoying a motor trip to Washington.

Mrs. Doug Hall is visiting with her daughter, Cora, in the States, and hopes to return with her daughter and husband.

Mr. and Mrs. W. A. Hurt are making plans for a month's vacation in California and other spots. They will spend most of their time visiting with their daughter, Helen, and her husband, Ken Gross.

Earl Richardson suffered an acute attack of appendicitis and was rushed to the hospital for an emergency operation. He is now doing as well as can be expected.

Mrs. Ellis Banta has her mother and brother visiting at her home.

Mrs. Purvis, who has been recuperating at the home of her son, Gordon, in Calgary, returned to her home in Crossfield. Mrs. Purvis, months ago, sustained serious injuries from a fall in the basement, which hospitalized her for a long time.

DOUBLE CHRISTENING

Rev. Justice officiated at the christening of Rose Ann, infant daughter of Mr. and Mrs. Win Bailey, and Carol Elizabeth, infant daughter of Mr. and Mrs. H. Mumby, at 2:30 p.m., Thursday, June 25, in the Anglican Church.

God-parents for Rose Ann were Ada Bailey, Helen Edgar and Walter Hurt, and for Carol, Mr. and Mrs. Ed Fraser. Following the baptism, refreshments were served in the Bailey home for 18 guests and five children. Mr. and Mrs. Seales, parents of Mrs. Bailey, were present from Calgary, together with a friend, Rev. Justice also was an honored guest.

Mrs. Ed Donald is home from the Didsbury hospital, but does not feel too well as yet.

Mr. and Mrs. Walter Wilson were at home to about 30 guests on Tuesday of last week. The occasion took the form of a farewell party as the Wilsons are leaving to make their home at the Pacific coast. They will visit Mrs. Wilson's parents in Victoria before returning to Vancouver, where they hope to establish themselves. The family will be greatly missed in our town and we trust that good fortune will attend them in their new enterprise.

Mesdames Ronneberg, Lowe, Kiernan, Donald and Campbell were joint hostesses at a delightful farewell tea, at the home of Mrs. A. B. Campbell, to honor Mrs. Walter Wilson, who left on Sunday for Victoria. On behalf of those present, Mrs. Wilson received a presentation, as a token of the esteem in which she is held. Mrs. Wilson voiced a gracious thanks.

Quite a number of Crossfield's square dancers attended the Aldrie jamboree, Friday, June 26, and reported having a very good time.

Mr. and Mrs. Bill Gordon, Vancouver, (the latter a sister of Mrs.

Ken Borbridge), spent last week visiting at the Borbridge farms and also with Mrs. Bert Lilley. Mr. Gordon was a former teacher of Sunshine School and was pleased to renew many former acquaintances. They are now on their way to Detroit to visit a daughter, and hope also to meet the Deeks, who will be in Detroit at that time.

Mr. and Mrs. Bill Lunder are rejoicing in the birth of a baby boy on June 26 in the Holy Cross Hospital.

Knights of Columbus Meet

BEISEKER — The annual meeting of the Father McQuaid Council took place in the council chambers of the Memorial Hall, with a good number in attendance. The following were elected to office for the coming year:

Grand Knight, L. L. Schmaltz; Deputy Grand Knight, A. E. Troidl; C. Lancelier, Albert Hagel; Recorder, C. E. Schmaltz; Treasurer, Norman F. Schmaltz; Advocate, Lorne Bunyan; Warden, C. L. Schmaltz; Inside Guard, Martin Mayer; Outside Guards, Lawrence Fisher and Louis E. Hagel; Trustee, Joseph Verhaest.

Past Grand Knight, A. E. Hagel, thanked his executive and all the members for the wonderful support given him in the past year, and wished the new executive every success.

Beiseker News Briefs

Mrs. Oswald Ternes left for Yakima, Washington to visit with relatives.

The Catholic Women's League will sponsor a Strawberry Festival on July 4th, from 5:00 to 9:00, in the Memorial Hall. Sandwiches, ice cream, strawberries, cake and coffee will be served. Don't miss the treat of the season.

Mr. F. A. Lount has been appointed official agent for W. D. McDonald, Liberal Candidate for Bow River constituency.

Mrs. Nick Schwarzenberger and baby, of Edmonton, was a visitor at the home of L. L. Schmaltz last Sunday.

FARM YOUNG PEOPLE ENJOY PLEASANT WEEK AT UNIVERSITY

Trousseau Tea Honor Bride Elect

Mrs. H. J. Scholfield, mother of bride-to-be Gladys Scholfield, was hostess at a pre-nuptial tea on Saturday, June 27, at her farm home, when around 50 guests were served a delightful buffet lunch and treated to a peak at the bride-elect's trousseau. Marjorie Banta and Barbara Bills conducted the guests through the charming bedroom in which was displayed the bridal finery, and later through the rumpus room, where her gifts were beautifully arranged.

Mrs. Methel and Mrs. West, bride-elect's grandmother and the groom-elect's mother respectively shared the honors at the tea urns at a daintily appointed table. Anna Ruddy, Edna Jensen, Mrs. G. Hurt, Pat Budgeon and Mrs. Sauter acted as servers.

EDMONTON—Getting their pictures taken was just one of many opportunities to get together for several Crossfield and district young people who have returned to their homes after attending Farm Young People's Week on the University of Alberta campus from June 9 to 17.

As shown above, thanks to their individual sponsors, they were out to see the University inside and out and had paused briefly in front of the Arts building to smile for the birdie.

The program, sponsored by the Department of Extension, in cooperation with the Faculty of Agriculture, Schools of Household Economics and Nursing at the University of Alberta, was an instructive and pleasing one. The young people were treated to a variety of farm subjects interspersed with recreational and social activities.

For the boys there was livestock and grain judging, a study of weeds and soils, and a look at the latest in farm tillage machinery. For the girls there was instruction in home nursing, fashion and dress, and color and design in the home.

Several addresses by leading agricultural authorities rounded out the week's activities which closed with the 35th annual conference and banquet at which scholarships and prizes were awarded.

Farm Young People's Week, an annual event on the University campus, is continuing to grow in size and popularity. This summer, 150 young people from many points in the province were in attendance. The course was organized originally to meet the various requests from organizations interested in the young people of Alberta.

Dog Pound News Briefs

Mr. and Mrs. Jack Smylie are the proud parents of a baby girl, born June 10.

The Dog Pound members of the 4-H Club made a very good showing at the Calf Show and Sale, held at Carstairs, June 10.

The Dog Pound Blue Birds had a very entertaining afternoon, on June 12. The guest speaker, Miss Smith, talked on "The Techniques of Baking."

Mrs. Roy McArthur, Mrs. Wilson and Mrs. Porteous attended the F.W.U.A. Convention at Carstairs, June 16.

Mr. Roy McArthur and Ed Wilson attended the Hereford Tour on Friday and Saturday.

Don't forget the Strawberry Tea on the 24th of June.

Local Man Wins Swine Honors

CROSSFIELD—H. J. Scholfield, Crossfield, together with Hector McDonald, attended the University Agricultural Field Day on Tuesday last in Edmonton. Mr. Scholfield was honored during the day as having received third highest marks in Alberta for "advanced registry" of sows, which is a wonderful accomplishment as that goal is not attained without perseverance. We congratulate Mr. Scholfield.

Guest Book Presented To Teachers, Pupils

KING GEORGE PARK—Doctor Jonason paid a visit to the King George Park School last week to present to the teachers and pupils a leather-bound Guest Book which had been signed by the seventy-five delegates who had visited the school. He also thanked the children for the warm welcome they had extended to the visitors.

Born In Crossfield, Man Dies Of Injuries

CROSSFIELD—J. Miller, Calgary, son of the late Mr. Miller and Mrs. Jim Miller, of Crossfield, was killed when a winch, holding a truck box, gave away. He was born in Crossfield and for the past few years has made his home in Calgary. He leaves to mourn his loss, his wife, a fourteen-month-old baby girl, and a two-year-old son, all in Calgary; his mother, Mrs. M. Miller, of Albert Park, Calgary; one brother in Calgary, and one in Crossfield. The sympathy of the town and district is extended to the bereaved family.

Lillian Henschell Wins First Prize For Essay

COLCHESTER — Miss Lillian Henschell recently won first prize with her essay on "Farm Safety." Lillian was presented with a plaque with her name inscribed on it and a pin from the Clover Bar School Division.

Munson News Briefs

Mr. and Mrs. Clarke Daly are the proud parents of a son born on June the 19th.

Mr. and Mrs. Wilbur Greenwood of Hanna were guests on Thursday evening at the home of Mr. and Mrs. O. J. Olsen, stopping over en route to Lethbridge.

Mr. and Mrs. Bell of Santa Monica, California, are visiting here at the home of Mrs. Bell's brother, T. A. Hansen and Mrs. Hansen.

Miss Norene Brown who has been a student at Mount Royal College in Calgary during the past winter is spending the summer holidays at the home of her parents, Mr. and Mrs. J. P. Brown.

Mrs. W. E. Williams is a patient in the Drumheller Hospital just at present.

Mr. Ernest Howard and family and Mr. and Mrs. Jack Howard and family motored in to Calgary on Tuesday to attend the funeral of Mrs. Elizabeth Bell, mother of Mrs. Ernest Howard, who had been in Calgary during her mother's illness. Mrs. Bell died on Saturday following an operation.

Mrs. Homer Dempsey was called to Wetaskiwin on Wednesday night by the news that her husband had been hurt in a car accident and taken to the hospital there; however, fortunately Mr. Dempsey proved to be not too serious and she was able to return home on Friday.

Mr. and Mrs. A. H. Sloan and son Donald left on Saturday morning on their annual holiday and expect to visit at High River, Olds, Edmonton and Athabasca on the trip.

Mr. and Mrs. Jim Sharp and family left at the end of the week for Vancouver where Mrs. Sharp and the children will remain for the summer at the home of Mrs. Sharp's parents, Mr. and Mrs. John McNair. Mr. Sharp expects to return after a short visit.

Charley Poland accompanied by his parents and doctor from Edmonton, left recently by plane for Rochester, Minnesota, where Charley will enter a hospital for treatments on his leg; his many friends here hope to hear of an improvement in his condition soon.

Mr. and Mrs. Jim McGhee and son J. D. McGhee and wife and child all of Decatur, Arkansas, are guests at the home of the senior Mr. McGhee's sister, Mrs. W. E. Williams and Mr. Williams.

Mr. and Mrs. George Munroe and Alex have had as their guests during the past week, Mr. and Mrs. W. R. Davidson, Mr. and Mrs. D. H. Burke, Corliss and Leslie Burke from Sundre and Wm. Davidson from Red Deer, Mr. and Mrs. John Gray and children Ronald and Marion from Milverton, Ontario and Miss Elsie Gray from Calgary.

The WA of the United Church held a very successful sale of home cooling and bazaar work on Saturday afternoon at the Red and White store in Drumheller, making \$36.85 by the undertaking.

Rev. Logan and Mrs. Logan spent the week-end in Calgary.

Rowley News Briefs

Mr. Bill Wilson of Vancouver, B.C. has arrived to spend the summer months with his daughter Mrs. C. White and family.

Mr. and Mrs. Allan Hobbs of Devon are spending the week with

Mrs. Hobbs' parents, Mr. and Mrs. Henry Swallow.

Mr. and Mrs. Roy Schrock and small son Clayton who have spent the past few weeks at the home of Mr. and Mrs. Abe Schrock have rented the house from Mrs. Algie Hampton and will move in shortly. Roy Schrock is employed on the gravel haul.

The Junior room students of Rowley School held a picnic and swim party at Hampton Lake on Friday afternoon, June 19, under the supervision of their teacher, Mrs. M. Schafer.

The Senior room students held their swim party Tuesday afternoon, June 23 at Hampton Lake under the supervision of principal J. Mraz.

Jack Smith is again a patient in the Drumheller Hospital. He is reported progressing favorably.

Ronnie Swallow and La Vern Hampton spent the week-end at Pine Lake on a fishing trip.

A number of little friends gathered at the home of Carol McKee on Saturday afternoon, June 20 on the occasion of her 7th birthday.

Michichi News Briefs

Mrs. Lee Lewis of Calgary is at present spending a short holiday at the home of her sister, Mrs. Bill Ritchie.

Mr. and Mrs. Orval Campbell and son Barry of Calgary spent the past week-end at the homes of his parents and sister, Mr. and Mrs. Robert Campbell and at Mr. and Mrs. Ed. Todd's.

The regular monthly meeting was held on Wednesday evening last and Tony Owl and Brown Owl Mrs. F. Sandberg and Mrs. Elmer Lowe entertained the girls with a weiner roast. It was immensely enjoyed by them all.

Mrs. B. Lewis of here, accompanied by Mrs. Jack Loveless of Calgary are spending a week's holiday visiting friends and relatives in Edmonton.

Miss Irene Sandberg spent the day at the home of her parents on Wednesday last.

Miss Agnes Smeal spent the past week-end at the home of Mr. and Mrs. Wallace Murdock.

The baseball game last Sunday was played at Michichi with Morin, Michichi was favored with the winning score.

The Delta Pee-Wee ball players met here at Michichi on Monday afternoon and went home victorious. Delta had the winning score.

Mr. and Mrs. Albert Smeal, Mr. and Mrs. Bobbie Hoy were Calgary visitors last Monday.

Prairie Unemployment Now 28,000

Unemployment in the prairie provinces has been reduced by nearly one half since April, said J. W. Temple, prairie regional head of the unemployment commission visiting Calgary, Friday.

Number of applicants registered for jobs has been knocked down from its winter peak of 47,000 to 28,000.

Mr. Temple said there was an urgent need for pickers for the soft fruit harvest in B.C. and that applicants would receive cheap rail facilities.

The prairie region also had 1,000 orders for workers in the hay and grain harvest in eastern Canada.

Couple Celebrate 25th Anniversary

STONY PLAIN—Sunday, June 21st, was the 25th wedding anniversary for Mr. and Mrs. Wm. Kotcherofsky. All their children were home and relatives and friends gathered to make it a gala occasion. The rooms were superbly decorated with flowers and at least 26 guests sat down to well laden tables, with the wedding cake, and candies.

Their children presented them with a silver coffee perculator and carving set, and many congratulations and good wishes were extended to Mr. and Mrs. Kotcherofsky for at least another 25 years together.

New School Figure Is \$73,000.00

Last week a news report stated that the new school at Horse Hill, to be built by Napoleon Belley for the Sturgeon School Division would cost \$23,000.00. This was a typographical error, as the correct figure given us by Ernest Meaden, Secretary of the School Division is \$73,000.00.

Award \$2,927 Damages Against Bus Company

EDMONTON: (CUP)—A 73-year-old Edmonton woman, Alice J. Fromant, was awarded \$2,927 in damages Tuesday for injuries received after she was knocked to the floor of a city transit bus and received a broken collar bone.

Defendants named were the city of Edmonton and D. A. MacDonald, bus driver. The plaintiff said she had just boarded the bus, when the driver made a speedy start, and then suddenly applied brakes. The woman was thrown against the ticket box, and the resulting injuries caused a 30 per cent loss of the use of one arm at the shoulder.

MacDonald had applied the brakes suddenly to avoid collision with a passing car, which did not stop.

However, Justice Hugh MacDonald found that the driver had not been properly careful to avoid injury to the passenger. His Lordship said the start was "unreasonably fast" and if the driver had been watching carefully, he would have "seen the car sooner."

Sub-District 2 F.W.U.A. Convention Held At Bremner Tuesday, June 16

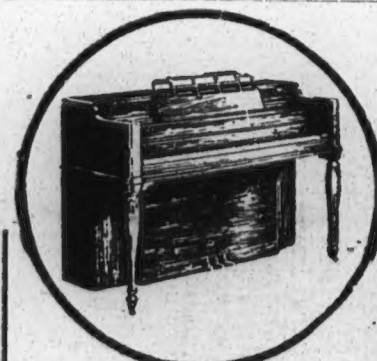

BREMNER—Sub-district two convention took place on June 16th at Bremner Hall, lunch being served to the delegates by the Clover Bar F.W.U.A. members in the basement of Bremner Church near by. Mrs. Gordon Clark, second vice-president of the sub-district, and secretary of Clover Bar F.W.U.A. local, took the chair for the first period, and reports were heard, also a report on the state of the District 6 F.W.U.A., by Mr. Sanford of Vegreville.

Mr. Koenig of Lamont spoke on the plight of the farmers, with rising prices for what they buy, including implements, and falling prices for most items produced, and stressed the importance of all farmers banding together in their own organization, and co-operating in both the buying and selling of goods.

After a short recess, Mr. Wilmet Alton of Partridge Hill, took the chair, and in the ensuing election of officers, Mr. Charles Osbaldestin became president, Mr. L. Meyer of Clover Bar local vice-president, and Mrs. Gordon Clark of the Clover Bar F.W.U.A. second vice-president.

It was recommended that locals appoint a representative to the farmers' picnic committee for next year, to ensure the success of next year's picnic. A report on the finances showed \$30.09 on hand after paying all expenses, including the buffalo meat, prizes for races and ball games, payment of the band from Fort Saskatchewan in attendance, and other incidental expenses.

Planes exceeded ships in Atlantic passenger traffic last year.

ing British and U.S. Army medical officers who inspected the unit recently.

FAMED BISHOP DIES

THE FLYING BISHOP of the Arctic, Rt. Rev. Archibald Lang Fleming of Goderich, Ont., died in Toronto when stricken with a heart attack.

EDITORIALS

Canada's Birthday

This week Canadians everywhere have taken time out to mark the occasion of Canada's 86th birthday. Yes, indeed, it was on July 1st, 1867 that Canada became a self-governing Dominion in the realm of Her Majesty Queen Victoria. Now we have another Queen, but in the intervening period Canada has "grown up" and the Crown remains our only connection with the Mother Country of which our land was once only a dependent colony.

Canadians aren't very lyrical. We don't sing about our country, its lakes and rivers and provinces the way we sing "Way Down Upon the Swanee River" or as in modern song "Georgia On My Mind" or "Moon Over Miami".

Nevertheless, we have been recipients of a poem written by Mrs. Charlotte Ward of Perryvale that is an ode to our country. We reprint it elsewhere on this page with the observation that its time we took more pride in our "Wonderful Land".

Promised Tax Cut

In seeking to win the forthcoming August federal election, George Drew, the Progressive Conservative leader is promising the people of Canada a pretty looking and pretty big bubble. It is labelled: \$500,000,000.00 annual tax cut.

Prime Minister St. Laurent terms this as "impossible of fulfillment" if the Progressive Conservatives should win the election.

Last year the Canadian Government had a surplus of \$24,000,000.00 which is a long way from the half-billion Mr. Drew promises to cut off taxes. It means that the remaining \$476,000,000.00 would have to be slashed from national defence and social, farm and other essential services.

Once before — in 1930 — a Conservative party leader promised to reduce Government expenditures and taxes and there followed a great and disastrous economic depression. We think the average Canadian voter will be very cautious with the latest Conservative offer to cut his taxes.

California Helps Canada

An announcement is made that 150 acres of Canada's new wheat C.T. 186, produced to be resistant to 15-B race of stem rust, was grown last winter in Southern California, and arrived in Canada in time for planting this May, and which has enabled nearly 3,000 acres to be sown this spring in Canada of this new variety.

The system of growing wheat in the winter in California more than doubles the amount of any new variety that can be produced, for it enables two crops to be grown in one year, one crop in Canada which is harvested normally in August, rushed by fast truck to California, sown immediately on land leased by the Dominion Government there in early May and then rushed back by express truck in time for seeding in the West.

This is a remarkable innovation, but which is in keeping with the initiative and enterprise shown by all those scientists who are engaged in the production of new varieties of wheat for Canadian use.

It is, of course, not yet decided whether C.T. 186 will be licensed; for that decision we have to wait awhile.

Note and Comment

The world is an increasingly tough place for the gracious, unsuspecting and openly friendly individual to live in.

To be popular one has to continually praise everything and everybody, even though the praise usually isn't warranted.

Bible Today

Likewise the people of the land shall worship at the door of this gate before the Lord in the Sabbath and in the new moons.—Ezekiel: 46:2

Should I Teach?

By S. C. T. CLARKE

Young people in Alberta have many vocational choices, perhaps too many for easy decision. The oil-fields and the new industries based on gas and oil open enticing vistas. Some of the vocations which have always attracted young people are now suffering from a shortage of applicants. This is true of farming, nursing, stenography and teaching.

The young person at the crossroads of life should seriously consider all aspects of his future work before deciding. In considering any choice of life work the questions a young person must ask are: What are the chances of promotion? Is the nature of the work such that I am constantly on the move? Who decides these moves, myself or my employer? Where will I be ten years from now? Is there a salary schedule? What kind of person do I associate with? Is the work risky? Too often the glamor and the initial pay determine the choice of a career.

Consider teaching, for example. The most common starting salary after two years of training in September, 1953, will be \$2,300.00 a year or \$191.66 a month. For young men, this cannot compare with the rumored \$250.00 to \$300.00 a month in industry and in the oilfields. For young women, it compares favorably with competing opportunities.

Consider another aspect of teaching. It requires initiative. You are on your own. You are your own boss. Each morning you have to decide what to do and how to do it. Nobody is there telling you. So in thinking of your future vocation, you should ask: Do I like to be bossed around? Do I like to be independent? Have I sufficient initiative to plan my own work? Must I be continually supervised to get my work done? Do I need outside pressure to keep me at it?

Then there is the nature of your work. Years from now, what will there be to show what you have done? A hole in the ground several thousand feet deep? A name on a production plant payroll? Or will your work be living on in the lives and ideas of young people? Teachers say that one of the greatest advantages of teaching as a career is the sense of satisfaction in the work. When youngsters first master reading, and that light dawns in their eyes, then the nature of the teacher's work is clear. When young people return to thank their teachers for great help in time of need, the value and permanence of the work a teacher does is obvious.

Should you teach? If you are not overly concerned about initial pay, yes. If you have initiative and independence, yes. If you have concern for the welfare of your fellow man, especially children, yes.

This Changing World

The Canadian Press report from Toronto has announced that N. E. Tanner, one of the original Social Credit members of the 1935 legislature has been appointed to the Board of Directors of the Dominion Bank.

This indicates, among other things, that Mr. Tanner is a capable executive and after successfully handling the post of Minister of Mines and Resources for several years prior to going into private business in 1952, is doing quite as successfully in private life.

Another thing that is quite evident is this: Mr. Tanner must have changed his political thinking a great deal between 1935 and 1952. Eighteen years ago Mr. Tanner and other members of the Social Credit government were all for putting the banks out of business. This was the principal Social Credit platform. Now a leading Social Credit figure has become a Bank Director!

Time marches on!

The New Pool Manager

(From Calgary, Alberta)

The Alberta Wheat Pool is to be complimented on its selection of a new general manager to succeed the late Mr. R. D. Purdy.

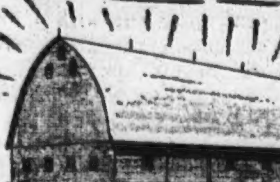

This is one of the biggest commercial organizations in Alberta, and calls for some of the best managerial talents. But the Pool directors found it unnecessary to go outside of their own organization, not even outside of their own group, to find the right man.

Mr. Albert Baker is a young man with an obvious capacity for responsibility. He has been a director of the Pool for eight years and vice-chairman for three. He is therefore intimately familiar with every detail of the organization, and in addition has had a hand in shaping its policies. He inherited an interest in the farm movement. He has acquired a good education and training. He is an eminently successful farmer.

Mr. Purdy left the Pool in a strong condition. Mr. Baker can be counted on to keep it that way.

POET'S CORNER

Wonderful Land

To Canada's vast and Wonderful Land,
A welcoming hand was stretched out
To those who would fain a domicile gain,
In a country so much talked about.

'Tis a Wonderful Land, its bright future was planned
By settlers who worked night and day;
Pioneers—bless'd with vision—they toiled with ambition
To make their exploits live for aye.
In this Wonderful Land trade will ever expand,
And foster good-will overseas.
For its neighborly ways the nation is praised,
Which tends to increase its prestige.

This Wonderful Land is endowed with wealth,
Ascribed to a God-given source.
'Tis found all around, and will doubtless abound.
So long as the sun runs its course.

'Tis a Wonderful Land; its bright future was planned
By settlers who worked night and day;
Pioneers—bless'd with vision—they toiled with ambition
To make their exploits live for aye.
In this Wonderful Land trade will ever expand,
And foster good-will overseas.
For its neighborly ways the nation is praised,
Which tends to increase its prestige.

(MRS) CHARLOTTE WARD—Perryvale, Alta.

VOICE OF THE PEOPLE

MIND OVER MATTER.—

You must realize that in every mental effort you are behind it. You laid the mind work, and it obeys your will. You are the master and not the slave of your mind. You are the driver not to be driven. Shake yourself loose from the tyranny of the mind that has oppressed you for so long assert yourself and be free.

Set aside the sensation, emotions, passions, desires, intellectual faculties and the rest of mental collection of tools and still there remains something and that something is "I".

That I am, is love of God, and God gave me all mental tools, and above all that God gave me reasoning power and free will.

SAM SINGH.

Calahoo, Alta.

1/2 cup milk
1 tsp. Baking powder
Flour to thicken. About 1/2 cup.
Beat together, pour into a greased baking dish.
Sauce For It
1 1/2 cup brown sugar
2 T. butter
1 tsp. Vanilla
2 1/2 cups boiling water
Stir until sugar is dissolved.
Pour onto the batter, cook half hour.
There you have the pudding and the sauce.
Mrs. Clara Jeremy of Picardville received \$1.00 for this "Favorite Recipe."

Bridge Plan Adopted For West Edmonton

City commissioners have adopted a plan submitted for a proposed bridge in west Edmonton.

The plan calls for the construction of a 950-foot bridge across the North Saskatchewan river at an estimated cost of \$2,482,255.

Nine holes of the 27-hole municipal golf course would be abandoned if the plan is approved, but commissioners say a new 18-hole course could be built and a great deal of money saved this way.

LETTER TO LOUISA

Boy Friend Gives Romance Five Months Whirl, Then Drops Girl Friend

Dear Louisa:

I've been going out with a boy I like very much for about five months. He hasn't been down to see me for over two weeks. I love him very much. Do you think I should write to him and find out if he's mad at me or wait till he comes to see me?

V. P.

Thorhild.

Answer:

Your boy friend may have lost interest in you, at least temporarily. The average man keeps company with five or six different girls before proposing marriage. You may or may not still be on his list, but there's an easy way to find out without throwing yourself at his feet. Arrange a party at your home, or get one of your girl friends to arrange one where you'll both be invited to attend. If he's interested in keeping company with you, he'll no doubt make it plain and if he has

some new heart beat to take up his affection he'll either turn down the invitation or otherwise inform you. You don't state your age, but from your letter I gather you are still in your 'teens and still young enough to look for and find the company of other young men.

Louisa.

Farm Awards Presented

Annual prizes and awards were presented at a banquet for 250 members of the Alberta Farm Young People's Organization in Edmonton last week.

The winners included Donna Ditto and Norma Adam, both Vulcan; Jean Proudfoot, Craigmyle; Myron Gebers, Didsbury; Bill Sheehan, Carstairs; Ronald Leonard, Drumheller; Rudolph Wilisko, Daysland; Jim Rasmussen, Lacombe; and Dolores Doran and Gerald Breen, both Red Deer.

The top awards, the agriculture department and wheat board money trust scholarships valued at \$75, went to Marilyn Russell of Ponoka and Rudolph Hauch of Freedom.

Air Parcel Post Now International

OTTAWA—Postmaster General, Alcide Cote announces that commencing on July 1st, Air Parcels addressed to the United Kingdom will be accepted in the mails for trans-Atlantic air service to that country.

Parcels may be mailed up to a weight limit of 20 pounds and the general regulations of the surface parcel post service to Great Britain will apply, with the exception of insurance service which will not be available for Air Parcels.

It is anticipated that the low rates set for this new service—\$1.00 for the first half pound and 40 cents each additional quarter pound—will prove popular with the mailing public, permitting, as it does, the mailing of parcels at a cost much lower than the air mail letter rates of postage.

Extensions to this new air service will be made as soon as the necessary arrangements are concluded with other countries.

\$1 for BRIGHT SAYINGS

The Editor will pay \$1.00 for each child's saying printed. To qualify, item must be true, personal remarks of a child known to the writer. Address: Bright Sayings, P.O. Box 4430, South Edmonton.

At our home we always give thanks for our food before starting to eat. Friends of ours came to visit with their little girl who apparently didn't know what it was to give thanks for a meal. After we bowed our heads and prayed she said to her mother, "They sniff their food before they eat."

Emil Haltiner

TRAPPED ON POLE

DETROIT.—Victor Van Meerbeek, 48, telephone lineman, spiked his way up a pole in an alley to make a minor repair. Feeling heat from below, he looked down and saw flames licking at his feet. A smoldering rubbish heap had set fire to a fence and the pole was on fire. He hurriedly tapped a telephone line, called the operator, who called firemen. He was rescued just in the nick of time.

Lunch Pail For Lady At Coronation

THE LONG CEREMONY of the coronation brought several side problems, one of which was food for the spectators. Shown is a specially designed lunch bag for a peeress to carry.

NEW FRONTIER

Modern Means Of Transportation Open North To Industry, Commerce

The Yukon and Northwest Territories, reaching from the 60th parallel of latitude to the North Pole and from the Alaska boundary on the west to Hudson Bay and its islands and Davis Strait on the east, are the new frontier. They comprise over a million square miles and are subject to a much greater variety of climatic and geophysical conditions than is generally supposed.

Geologically, the Territories are extensions of the three great commercially mineralized areas of North America—the Cordilleras, the great oil-bearing central plain and the Precambrian shield. Taken as a whole the northern half of Canada is potentially one of the richest mineral areas in the world. Its remoteness and the relative difficulty of the terrain and severity of the climate have in the past stood in the way of development as long as ample supplies were obtainable elsewhere. With the world's reserves of many basic minerals dwindling rapidly, this possible source of supply takes on new importance.

An article in the current issue of the Canadian Bank of Commerce Commercial Letter gives details of the northward push of Canadian business into these new territories. Against this background, and with the aid of a full-page map, the article deals with the people, their numbers, location and occupations. The administration of the Territories is also outlined. In view of the great importance of transportation this factor is dealt with at some length, since it is on the practicability of its extension that the future of the Yukon and Northwest Territories in large part rests.

Recent discoveries and new developments are then set out in some detail. The high cost of opening up new properties in the Territories has to be carefully weighed against the potentially great value of what can be brought out.

Finally, the importance of the new fishing industry and the possibility of waterpower development are examined briefly.

West German wages rise above the pre-war level.

Straths Moving To Wainwright

Lord Strathcona's Horse (RC) is moving to summer camp at Wainwright from its home base at Currie barracks, Calgary.

Three squadrons will move for intensive tank training — headquarters, C and D Squadron, is to move to the 27th Canadian Infantry Brigade in Germany in the autumn, followed next year by C Squadron.

They will be joined at camp in August by B Squadron after its 60 days disembarkation leave from Korea. The remaining squadron, A, relieved B in Korea just before it left for home.

PM To Present Cowboy Awards

CALGARY — Prime Minister St. Laurent has accepted an invitation of the Calgary Exhibition and Stampede to officially close the annual Calgary fair July 11.

Letter of acceptance was received Friday by Maurice Hartnett, general manager.

Mr. St. Laurent will present trophies to winners of the cowboy and chuckwagon events in front of the grandstand at 8 o'clock on the last night of the Stampede and will also take part in the colorful Indian ceremony that is staged annually as the big show closes.

The Stampede this year will be opened July 6 by N. J. "Nat" Christie, old-time Calgarian and former exhibition president, who is now a life member of the board of directors.

DR. F. J. GREANEY, Director

Line Elevators Farm Service, Winnipeg, Manitoba.
Sponsored by the following companies: Federal, Alberta Pacific, Pioneer, Canadian Consolidated, Paterson, McCabe, Parrish & Heimbecker, Inter-Ocean, Independent Ellison Milling, Canada West and Quaker Oats.

A New Exhibit—See It At The Fair

Something completely new and different in travelling agricultural exhibits has been launched on a tour of Western Canada by the Line Elevators Farm Service. Maintaining their reputation for attractive and instructive agricultural exhibits the Line Elevator Companies listed above will be represented at the "B" and "C" class Fair circuits in Western Canada by another "Agricultural Show on Wheels." This modern, educational display is another step forward in the program of agricultural work designed to promote better and more profitable farming practices in the Prairie Provinces.

A. Luxury Trailer. The 1953 mobile exhibit unit is a large luxury trailer, containing a number of attractive, entertaining and instructive agricultural displays. It is the latest word in "travelling farm schools." One of the subjects featured this year is "Farm Safety." Mechanically-operated small scale models show the main causes of farm accidents. Another exhibit deals with "Soil Erosion"; while a third display is an interesting "peep-show" portraying the more important "Insect Enemies" of agriculture in Western Canada. The current exhibit will carry a full line of authoritative publications dealing with major crop production problems. These are available to farmers, free of charge. A member of the Farm Service Department will be on hand to answer questions.

An Invitation. We extend a cordial invitation to all our readers, particularly farm people and grain buyers, to visit our new 1953 "Agricultural Exhibit" when it is on display at their local Fair. Watch your local newspaper for further announcements. Line Elevator grain buyers are urged to put their full support behind the activities of their local Agricultural Society. Help to make your own community Fair an outstanding success in 1953. Let's see you at the Fair!

Son Of South Edmonton Family Receives Doctor Philosophy Degree

Allen G. Norem, son of Mr. and Mrs. Roy Norem who live in South Edmonton, has just graduated from Stanford University in California.

A former president of the Engineering Students Society at the U. of A., Allan G. Norem was awarded a doctor of philosophy degree in engineering mechanics by Stanford. Mr. Norem graduated from the University of Alberta in 1950 with a B.Sc. with distinction in engineering physics. He received first class standings from 1947 to 1950 and U. of A. honors prizes in 1947, 1948 and 1950.

In 1947, he was awarded the H. R. Webb Memorial Scholarship and in 1948, the Gas Company Undergraduate Scholarship.

Mr. Norem and his wife, the former Joyce Young of Edmonton are visiting in the city at the home of his parents, Mr. and Mrs. Roy Norem. They plan to leave about July 29 for Summit, New Jersey, where Mr. Norem will join the technical staff of the Bell Telephone Laboratories.

ALLAN G. NOREM, Ph.D.

Don't Risk Possible Prosperity Loss St. Laurent's Pre-Election Warning

OTTAWA — Prime Minister St. Laurent said Monday night Canadians risk the possibility of losing their prosperity if his Liberal government is not returned to power.

"In these troubled times the government we choose may be called upon to decide questions which will determine whether there is to be peace or war, continued prosperity or another depression," he said.

"This is surely not a time to take needless risks with our own future."

Mr. St. Laurent launched his bid for a second term as the country's leader in a 4,000-word keynote speech recorded for delivery over the CBC Trans-Canada network. He repeated much of the speech in his first platform address of the summer election fight, at Windsor, Ont., where he began his five-day Ontario tour.

It was a speech contrasting current conditions in Canada with what he called the "terrible" conditions of 1930-35 when the Con-

servatives held power.

"When they go to the polls on election day," said Mr. St. Laurent, "I believe most Canadians are going to think back to those conditions which exist in Canada today."

"We all know that the economic strength we have achieved, the stature we have reached in the eyes of other nations, and the unity that has grown so sturdily at home have all been achieved when the Liberal party has been in office in Ottawa."

The Liberal government did not claim all the credit for these achievements, continued Mr. St. Laurent, "but I hope most reasonable people will admit we deserve some credit for a situation where it has been possible for the Canadian people to achieve so much... and when we vote, I am sure most of us will want to be careful we do not risk losing what has been gained."

The Soviet press has ceased to glorify Stalin as a genius.

THE LIGHTER SIDE

Sure Ain't

A colored boy was strolling through a cemetery (in the daytime, of course) reading the inscriptions on the tombstones. He came to one which read:

"Not dead, but sleeping." Scratching his head, he remarked, "He sure ain't foolin' nobody but hisself."

Easy

"Pop, how do they catch crazy men?"

"It's easy. A little rouge and lipstick, a new hair-do and a pretty dress."

Not Must

Rembrandt Smith—"You must pay an awfully high rent for this big studio, old man."

Botticelli Jones—"My dear boy, in the bright lexicon of art there is no such word as 'must'!"

Revenge

1st Recruit: "What is the first thing you'd do if you got hydrophobia?"

2nd Recruit: "I'd bite the chief."

Wonderful

Boss to pretty, young applicant—So, you want a job? Had any experience?

Applicant—Oh, some very wonderful ones!

It Was

Patron (at lunch counter): "Take this coffee away, sister. It tastes like mud."

Waitress: "Well, it was ground only this morning."

Gave Him the Works

Magistrate—"Witness says you neither slowed down nor tried to avoid the pedestrian."

Motorist—"I took all precautions. I blew my horn and cursed him."

Financier

Butcher—Well, what do you want, my boy.

Boy—Twenty cents' worth of liver and five cents change. Father will bring the quarter in the morning.

Bless The Gals Dept.

Boss: I wish you wouldn't whisper while working.

Miss O'Flage: But I'm out working.

No Wonder

Driving up to the house to deliver the family's seventh baby, the doctor almost ran over a duck.

"Is that your duck out front?" the MD asked.

"It's ours all right, but it ain't no duck. It's a stork with his legs worn off from making so many calls."

Best Answer Yet

Time: 4:45 a.m. The telephone rings.

"Are you Western 1164?"

"No, I am Western 1145."

"I'm so sorry you've been troubled."

"Not at all, my dear sir. I had to get up and answer the telephone anyway."

Dangerous Spot

An authentic V mail letter written by a Tennessee lad read as follows:

"Dear Pa: I'm in a tight spot, cooped up here in this ship with guns and ammunition, submarines and bombers and Yankees all around me. Tell Ma not to worry."

One Qualification

Paul—They're looking for a balloon dancer for the new Broadway show.

Amos—Then maybe you can hire my wife.

Paul—Oh, is she a dancer?

Amos—No, but she's shaped like a balloon.

Ike And Wilson Winning Battle Of Defense Cuts

By STANLEY JAMES
Washington Correspondent

WASHINGTON—Prevailing sentiment on Capitol Hill indicates President Dwight D. Eisenhower's proposed defense cuts are likely to be heeded by many Congressmen and Senators. Despite the fact Democrats decided to fight a battle over proposed air power cuts, the administration program appears the best bet to emerge from Congress.

Both critics and backers of the Eisenhower defense program admit Charles E. Wilson performed the top job of his brief career in defeating the revised defense program before congressional committees.

And another figure who has taken the government's program to the people and won much support for it is President Eisenhower himself. From all indications, it appears that Ike and Wilson, and others on the new defense team, were not exactly caught flatfooted by the sudden attack of Air Force officers on the new defense budget.

On the contrary, the President seems to have withheld counter-fire and defense of the proposed budget until the right psychological moment, and then to have hit back very effectively with good arguments, why the recommended budget was the best for the long-

term interests of the United States. He and Wilson put together a strong case, and the President doesn't fail to state it clearly in his speeches. They seem to be winning over a majority. And Congress will probably go along, at least in part, with proposed cuts in air power. The trump card of the Eisenhower-Wilson argument thus far has been the carefully-stressed fact that the new reduced budget still earmarks 60 per cent of every defense dollar for some form of air power.

It's pretty hard for the average Joe to know, when the figuring is up in the billions, whether air power should get 60 percent of current defense funds. A lot of people are willing to let Ike and his administration decide close questions like that.

Police Break Up Fight; Find Children Neglected

Seven children were found lying naked on a bed without covers, and five of them suffering from measles, when police were called to break up a fight between a man and his wife.

It was reported the police found the husband had turned the squalid living place into a shambles when angered by his wife's alleged attentions with a taxi-driver on the trip home from a dance.

Welfare and health officials were notified about the children. The parents will appear in family court.

RIDES BIKE, CALIF.-N.Y.

NEW YORK—Donald Mainland, 21-year-old Marine corporal, rode a bicycle all the way from California to New York, a distance of 2,962.8 miles in 14 days 11 hours and 50 minutes. That's nearly one week better than the current cross-country bicycle speed record of 20 days, 7 hours, 29 minutes held by Eugene McPherson, of Columbus, Ohio.

Upsurge In New Construction Bolsters General Economic Conditions

Gideons Stick With Old Bible

CALGARY — W. B. Wortman, president of the Canadian Cabinet of Gideons, attending the convention of the Gideons International in Canada at the Palliser Hotel said that Gideons would not distribute the Revised Standard Version of the Bible at the present time.

He declared: "It is necessary to use the version which commands the respect and the love of the people generally. When another version replaces the King James Bible in these respects, then we will seriously consider its use."

Gideon Bibles and testaments, both in English and Japanese, will be distributed to 400,000 university students in Japan by Gideons International, Mr. Wortman said. It will cost \$200,000.

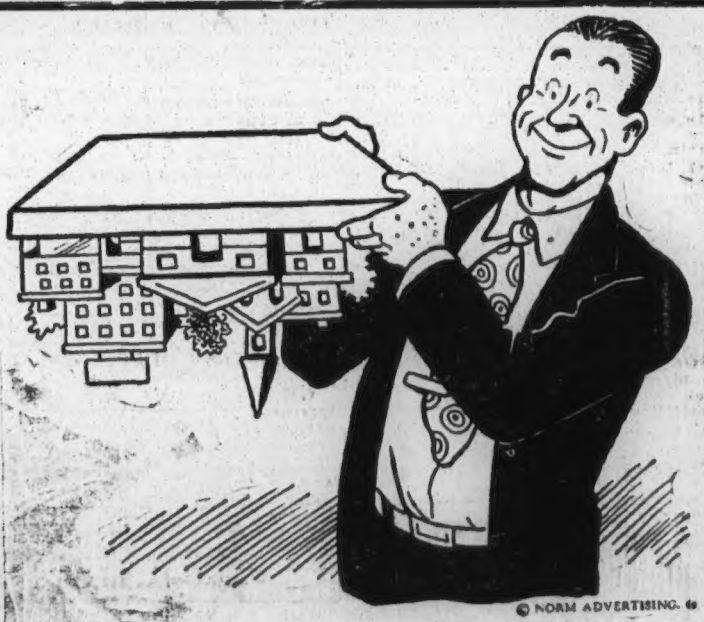

A Memorial Bible Plan was explained by E. E. Wickens, Edmonton, at the conference. This is a scheme under which anyone can commemorate the death of a loved

Business initiative in Canada is being directed to maintaining the current rate and volume of production, says the current issue of the Commercial Letter published by The Canadian Bank of Commerce. The suggestion is made that unevenness in index movements and opposite rather than parallel movements of certain statistical indicators show that corrective measures are already taking place.

At the end of March, Canada's total merchandise trade deficit stood at \$85 million in contrast to the surplus of about the same size at the end of the first quarter last year. This less favourable trade picture is reflected in slightly lower gold and U.S. dollar holdings in Canada.

Construction contracts awarded which had been lagging compared with 1952, moved sharply upward in April. The four month total now stands slightly above that for the same period a year ago.

one by placing Bibles in his memory. Last year this plan placed more than 25,000 Bibles.

There's no Need To Turn the Town Upside Down When

News in Brief

Hiccups 5 Years

LOS ANGELES—Since June 13, 1948, Jack O'Leary, now 31, has had the hiccups. What is believed to be the longest seige of hiccups on record began shortly after O'Leary's appendix had ruptured and he was not expected to live. His weight dropped from 136 to a mere 78 pounds. So far more than 200 doctors have treated him, with little or no effect.

Stolen Car In Tree

NEW ORLEANS, La.—When police failed to remove a parked car from in front of his store, Ace Russell, operator of a swap shop, hoisted the car 20 feet into the air and hung it from a tree. When a tow wagon arrived recently to haul the car, which was found to be a stolen car, they found it up the tree.

Cools Off

In Jail

CINCINNATI, O.—When his girl friend refused to see him, James Collins, 19, thought up what seemed to be a good idea. He rang a fire alarm in the vicinity of her home, hoping she would come out to see the commotion. She didn't but police and the fire department answered the alarm. Now, Jimmy's cooling off in jail on a three-months' sentence.

Would- Be Helper Hurt

ROANOKE, Va.—C. R. Hurd saw Jerry Wayne, 5, hit by a car and started from his front porch to help the child. In his haste, he fell off the porch and suffered a broken leg. Jerry escaped with only cuts and bruises.

Hot Asphalt Kills Mother

HOLLYWOOD, Cal.—Mrs. Leonard Kunz, 31, was fatally scalded and her year-old baby suffered third-degree burns over most of his body, when ten tons of scalding asphalt poured over them when an out-of-control dump truck overturned, spilling its steaming load into their convertible. They were almost buried in the tarry substance and were freed by police and bystanders with their bare hands. The truck driver suffered only cuts and bruises.

Boy, 12, Chained

ELGIN, Ill.—Police found Gary Molner, 12-year-old son of Louis Molner, Jr., 41-year-old watchworker, chained to a front porch chair, with a 12-foot chain looped around his neck and padlocked to the chair. Gary said his father had chained him to the chair while his parents were at work because his father was dissatisfied with his performance at a Little League baseball game the previous Sunday. Molner was arrested and charged with endangering the health and life of a child.

Two, 70, Get Divorce

SULLIVAN, Ind.—Two 70-year-olds, who had done nothing about their mates' desertion for a decade, were recently granted divorces and immediately were married. Mrs. Della Delaney, 73, who said her husband deserted her in 1931, after 28 years of marriage, was married to Charles B. Mason, whose wife deserted him in 1941 after six weeks of marriage.

News From Other Alberta Towns

MEN SPONSOR BEAN SUPPER TO AID CHURCH BUILDING FUND

SANGUDO — In aid of the Church Building Fund, Sangudo Church men put on a bean supper on Wednesday, June 17, in the Elks' Hall. In spite of threatening weather, attendance was good, just equalling the number of places which had been set for guests. When the men heard that the net returns for the evening were approximately \$225.00, they were glad, and wish to thank all those who contributed for their generosity.

J. D. Skinner To Reopen Grocery Store In Rochfort

ROCHFORD BRIDGE — J. D. Skinner, well known business man in the Lac Ste Anne Municipality has returned from Smithers, B.C. to Rochfort Bridge where he plans to open a grocery store very soon.

Mr. Skinner, who has been employed on the Editorial Staff of the Interior News in Smithers for the past eight months, flew to Edmonton on business two weeks ago and while visiting in Rochfort Bridge and nearby towns, learned that another grocery store was desirable, and many urged Mr. Skinner to open one.

Since he already had the building and in as much as he wanted to do something with it, decided he should accept the challenge. He plans on having a self-serve cash store, such as he had in Sangudo and which was very successful. He will use basket carriers, similar to the type used in the large city stores.

Mr. Skinner wants to make this, and believes it can be done, a truly community spirited town. His store, which will be the first step in that direction, will be designed to make shopping easier and a pleasure for the busy housewife.

Mr. Skinner does not plan a big splash opening, he will make a cautious beginning and will expand as appears necessary. He sees no reason why the store will not do well. He plans on managing the store himself, for the time being at least.

Rains Cause Some Inconvenience

LAC LA BICHE — The farmers of the Lac la Biche district are greatly pleased with the recent rains, as crops were badly in need of a good soaking. However, the general townspeople are beginning to wish that some of this mud could be confined to the farms.

Streets have started to cave in, where the ditches were dug for the sewer and water last year, and great big holes seem to be the order of the day. Very few cars have ventured out for a couple of

Dressesd impressively in aprons, and with the odd chef's hat in evidence, the men had supper ready almost on time. Waiters, who included F. W. Wiggins, E. I. Hepburn, C. Morton, D. McKeen, A. Ruark, L. Conrad, I. Sheppy, H. Perrin, B. Colwell and L. Peacock, were determined that every guest should have the best possible service, and they succeeded in making sure that everyone had enough to eat. Lloyd Hansen was held up by farm chores, or the number of waiters would have been larger.

After the meal, guests viewed the motion picture, "We would be Building." Then Rev. Bryan Colwell spoke, pointing out that the church in the Sangudo Community had come for two reasons: because the people felt the need of a church, and because the leaders in church headquarters knew that new churches needed to be built, and went to great lengths to see that people who wanted them would have churches. He concluded by pointing out that since the first student minister arrived in 1917, the church had each year had some financial help from other Christians elsewhere, and that now that the district had grown people were wanting to support their own work. He concluded by noting how encouraging was the help given to the Building Fund for the new basement.

Mr. Wiggins then made a plea for additional funds to ensure the completion of the building project. He explained how useful the new basement would be, showed the plans for the enlarged building, and by means of the excellent chart, pointed out how generous supporters had already been, and thanked everyone for continuing support.

Then Mr. McKeen asked for diggers, ensuring them that when they came to work, they would have help. After some had departed, he auctioned off a few donated items of food, to further swell the Building Fund.

The men washed the dishes and put everything back in order. Altogether, it was a memorable evening.

days, and those that did more than likely wish they hadn't.

Smaller-Than-Usual Crowd Enjoys Legion Picnic On Sunday

ROCHFORD BRIDGE — The Rochfort Bridge branch of the Canadian Legion and the Ladies' Auxiliary held their annual picnic at the farm grounds of Comrade and Mrs. Alec Aitken, on Sunday, June 21st. Members who attended had a very pleasant afternoon and evening. The Girl Guides and their leader, Mrs. L. Helland, were present in their uniforms and added color to the picnic. The Boy Scouts were represented by Scoutmaster C. A. Weekes and Everett Wackenhut.

The sports program included races for all ages, from tiny tots to grandmas; skipping race, nail driving and rolling pin throwing competitions.

The comic shoe scramble race for the Girl Guides caused much merriment. Comrade Alec Aitken "fired the gun" for starting the races. Comrade C. A. Weekes provided a little comedy to the Girl Guides' softball game.

The young folks won the "capacity" contest for who could eat the most ice cream cones, before and after lunch. Refreshments were provided by the Ladies' Auxiliary.

Horseshoe pitching and balloon-ball throwing game filled in the spare moments for the men.

The program was arranged by Comrades C. A. Weekes and C. E. Crowther. Although the crowd was smaller than usual due to unsettled weather, the picnic was voted as one of the best yet, and all present hoped that all members would be here next year.

With a vote of thanks to Comrade and Mrs. Aitken for their providing the perfect picnic ground, the families began leaving for home around 7:30 p.m.

Town Plans July 1 Sports Day

SMOXY LAKE — Arrangements for the Annual Sports Day on July 1 are well advanced by the Smoky Lake Welfare Association. As usual, baseball will be the big attraction. There will also be softball and races of all kinds. The parade will start at 11:00 a.m. Music will be supplied by the High School Band, on parade and during the day on the Baseball Park. To end the days celebrations, a dance will be held at the Ortona Hall.

Nurses Resign From Health Unit

ATHABASCA — The Board of the Athabasca Health Unit No. 18 met on Tuesday, June 9, to consider the resignation of the two members of the nursing staff. The resignations of Senior Nurse Mina Pool and the assistant nurse, Isobel Arnett were accepted with regret by the board.

Miss Pool has taken a similar position on the staff of the Grande Prairie Health Unit, while Miss Arnett is working for the Dominion Government.

Earl Wright has taken over as representative for MD 103 to replace the late E. S. Parson of Boyle.

The board spent considerable time discussing the work of the unit and the difficulties being experienced by staff members in the large territory to be covered. Plans were made for getting replacements on the nursing staff as soon as possible.

Miss Ann Doroshenko has been hired as the stenographer-technician for the Health Unit and is now working at the office in Athabasca.

The meeting closed at 6:30 p.m. after the accounts had been checked over and a motion made to pay them.

Warspite Chemist Honored; Named Fellow Of Royal Society

WARSPITE — Dr. Marshall Kulka, of the Dominion Rubber Research Laboratories, Guelph, Ont., has been elected a Fellow of the Royal Society of Canada. He attended the annual meeting of the society, June 1, where the honor was bestowed upon him.

The Royal Society is a learned one, founded in 1882 by His Grace the Duke of Argyll, when he was Governor-General of Canada. The membership of distinguished men and women (about 500 of them) is divided into five sections. New members are recommended on the basis of their scholastic achievements by the Council and are elected by vote. Dr. Kulka is one of six scientists of Canada, who is elected to section 3 (Chemical, Mathematical and Physical Science) of the Society this year.

He was born in Northbank and received his early education in Lopstick School, furthering his studies in Edmonton, where he acquired his B.Sc. and M.Sc. with honors in Chemistry from the University of Alberta. After teaching High School for 3 years, he left his native province to study at McGill University from which he received the Ph.D. degree in 1942. One year was devoted to assisting Dr. Hibbert in the Department of Industrial and Cellulose Chemistry at McGill, and in 1943 Dr. Kulka went to Guelph to serve as Research Chemist for the Dominion Rubber Co., a position which he now holds. He is the author of thirty-five scientific papers, patents and contributions to books and last year was honored by the Chemical Institute of Canada, which elected him to a fellowship.

Dr. Marshall Kulka resides at 88 Hinton Crescent, Guelph, Ont. with his wife and two children. Friends and acquaintances will be happy to know that Marshall and his family expect to visit this summer in Warspite, Edmonton and Thorhild, where members of his family reside.

Ratepayers Favor Teacher Over School Bus

ONOWAY — A meeting of the ratepayers was held in the Stettin School recently for the purpose of discussing the problem of hiring a new teacher for the coming year, or providing bus transport for the pupils to other schools.

Mrs. Lambert, who has taught for the last 11 years, is now retiring so the trustees are now faced with the problem of getting another teacher.

The unanimous decision of the ratepayers was to try to obtain the services of a teacher since roads throughout the district are simply unfit for a bus.

Mr. Tomlinson who is expected to be present was unable to attend.

The ratepayers take off their hats to Mrs. Lambert who has rendered such sterling service to the children of the district. In 11 years of teaching she has missed only two days—an excellent record.

It is the hope of all in the district that the new teacher can also render this same outstanding service.

Truck Overtakes; None Injured

CALAHOO — Mr. Reg Belan had bad luck a few days ago on the Alaska Highway. He was coming home with a load of fence posts on his truck when he struck a soft shoulder on the road. The result was he went into a deep ditch. The truck upset and everything burned up.

First Aid Group Receives Certificates

SANGUDO — A very interesting evening was spent last Friday, when members of the First Aid class, which was held during the winter received their certificates.

Dr. Keyes, who is with the Lac Ste. Anne and Stony Plain Health unit, made the presentations.

Gifts of appreciation were given to Mr. Weekes, who gave the instruction, and to Dr. Keyes for the help and interest which he has shown. At the close of the evening, a very lovely lunch was served.

Those receiving certificates were: Mr. C. Weekes, Mr. and Mrs. P. Keller, Mrs. R. Friend, Mrs. A. Strang, Mr. Crowther, Harriet Male, Maureen Peacock, Donna McKeen, Noreen Friend, Joan Turk, Fredda Walker, Hyacinthe Weiss, Mary Myndrick, Luck and Peter Chorkwa, Walter Clark, Mr. L. Clark and Frank Siebert.

Barrhead Plans Sports Day July 1

BARRHEAD — Barrhead is planning on one of its biggest July firsts as a sports day. A baseball tournament to be held is open to all local clubs and they may add "imports" if they so desire.

About twelve clubs are expected to enter. As well races and midway attractions are planned. It will end by fireworks display and a dance.

League Approves Land Purchase

EVANSBURG — At a special meeting held by the Evansburg Community League, the purchase of a parcel of land situated between property owned by Justus Otto and H. Greaves was approved of.

This is to be used as a sports ground for Evansburg.

Large Turn-Out Enjoys Farmer's Day Activities

ATHABASCA — Another blistering hot day greeted all the farmers who gathered on the hill early Friday morning to prepare the booths for the afternoon program. A variety of ball team entries provided the major portion of the events for the afternoon with a softball game between Athabasca and Richmond Park starting the program at 2 p.m. Athabasca won this game so had to play Lahaleville for the first prize money. After being behind most of the game the Athabasca boys forged ahead to take the honors.

The baseball games began with Lahaleville playing Athabasca to start the eliminations, with the locals coming out on top with a handy margin.

At this time races for the children were held in front of the booths with Mr. Russell doing the chores at the starting line, while Mr. George Godel and Mr. A. Aloisio, MLA, held the twine at the finish line. The children enjoyed the races and the tickets for treats at the booth which were doled out as prizes by Mrs. Stettin.

In the final ball game of the day Athabasca played Fairhaven with the Athabascans coming out on the small end of the score board. The day concluded with a dance in the Community Centre in the evening.

Flying Officer Gordon Conrad Hall, Son Lac La Biche Mayor Buried At Edmonton

The funeral services of Flying Officer Gordon Conrad Hall, son of Mr. and Mrs. Lynn Hall, of Lac la Biche, were held on June 16th from Foster and McGarvey parlors in Edmonton. A full military service was conducted by the RCAF Station of Edmonton.

Gordon Hall was born in Stettin, Alberta, on February 25, 1930. He took his elementary education at Big Valley and his senior schooling at Taber, where he graduated with matriculation standing. While at Taber he belonged to the No. 22 Comet Air Cadet Squadron and became eligible for flying scholarships, which he took. His interest in flying was continuous. He took a considerable amount of flying training previous to his enlistment in the RCAF.

After graduating from high school he took a year in architecture at the University of British Columbia and later a year in teacher training at the University of Alberta. He taught school for a year and then in the summer of 1951 he enlisted in the RCAF and graduated at Claresholm in June, 1952; after this he took advanced training at Macdonald Station and at Bagotville. It was at Bagotville that he took the training as pilot of jet planes. And it was there that he lost his life in a routine flight some thirty miles from the station. Cause of the accident is still unknown.

He was widely known throughout Alberta. He leaves to mourn his loss as immediate relatives, his wife, Mrs. Alice T. Hall, and young daughter; his father and mother, Mr. and Mrs. Lynn G. Hall; and a sister, Dorothy. A large number of relatives and friends were in attendance at the services. Interment was in the Beechmount cemetery.

DEATHS BY DROWNING take too many lives, and many organizations have organized swimming classes such as the one above. Another

exceptional type of instruction in swimming is that of the RCAF survival school which teaches pupils to swim in three days.

Community Group Show Practical Interest In Boysdale Camp

EDMONTON—Several individuals and groups have shown an interest in the Boysdale Camp since it got its start, but the interest shown by the Eastwood Community is worthy of special mention at this time.

This league has invested seven hundred dollars in an army hut and fixed it to make comfortable living quarters for eight boys. And now they are anxious to receive applications from Eastwood boys who wish to attend the camp this year.

Age requirements ask that the boy be between the ages of nine and fourteen years. All he is asked to take with him to the camp is his own bedding. There is no charge for the camp, but those who wish to contribute may do so. Parents of Eastwood boys wishing to attend this camp are asked to contact Mrs. R. Hughson at 11839 81 Street or telephone 71366.

Another major contribution to Boysdale was presented last week by Mr. Graham Yeats, a city garageman who donated two rowboats which he assembled from kits. Mr. Yeats has also undertaken to service and maintain these boats during the winter season to ready them for the following year's operations.

Boysdale Camp is located at the junction of the Sturgeon and North Saskatchewan rivers north-east of the town of Fort Saskatchewan and is supported by the Federation of Community Leagues and the Cosmopolitan Club.

At present a campaign for funds is underway to raise \$5,000 for improvements to the camp. To date more than half of the objective has been raised, an amount of \$2,900. This money will be spent on improvements to the dam to provide better and more permanent swimming facilities. Another change expected is a switch from their own power plant to Calgary Power as the

Boysdale power plant has been subject to damage by vandals.

Last year this camp was attended by one hundred and eighty-three boys, who attended during ten-day periods.

Applications to attend the camp can be made to Mr. Simmonds, at 11541 University Avenue, or to Mrs. W. T. Rice, 11642 86 Street.

City Playgrounds Open For Summer

Saturday saw the opening of another season of play and recreation at playgrounds throughout the city. Most of the playgrounds had arranged special programs to mark the opening day. Programs consisted of

miniature parades, bonfires, free treats, and there were some where there were free rides. At a few, the police and fire departments lent co-operation.

The Recreation Commission, who operates the playgrounds will have this year fourteen totlots and twenty playgrounds to look after. Each is under the supervision of specially trained young people who have been given a special intensive course of training for their work. Most of these young people are attending the University of Alberta. The playground course they receive cover such subjects as hobbies, handicrafts, all phases of sports and athletics, playground folk-dancing, child psychology and other related subjects. All of the supervisors hold their St. John Ambulance certificate in first aid.

Raise Million For Cancer

G. R. A. Rice, president of the Alberta division of the Canadian Cancer Society, told delegates to the annual meeting of the Grand Council of the Society held in Fredericton Tuesday that during the past five years the people of Alberta, through their volunteer donations to the cancer crusade, had contributed almost \$1,000,000 to the cancer fight.

"The net profit on the investment — real achievement in the field of cancer research, the saving of lives through public education, and the relief of suffering — is already beginning to show," he said. "We have far to go to reach our goal and we undoubtedly will have to carry on for many more years toward attainment of the final victory."

After referring to the importance of the work carried on by the thousands of volunteers who were indispensable, Mr. Rice said

the Alberta division looked with pride at the record of the past year, particularly in the completion of the McEachern Cancer Research laboratory at the University of Alberta, and the development and extension of their educational work.

During 1952 it was reported the cancer crusade in Alberta realized \$233,710.78. Of this \$109,630.63 went into research and professional education; \$61,312.29 was spent on public education and \$71,963.12 was spent on welfare services.
